Education

International Institute of Information Technology, Bhubaneswar

Sep 2024 – May 2028

Bachelor of Technology in Information Technology

CGPA: 7.99 (till 3rd Semester)

Glorious Academy, Varanasi

April 2023

Intermediate (12th Grade)

Percentage: 87%

Projects

Psyduck - The DSA Instructor

- Built an AI chatbot that answers Data Structures and Algorithms queries using API-based architecture.
- Developed backend using Node.js with a responsive frontend using HTML and CSS.
- Implemented intelligent handling of non-DSA queries for an engaging user experience.

NewsFlow AI

- Developed a real-time AI news assistant using Retrieval-Augmented Generation (RAG).
- Implemented intent detection and category-based filtering for accurate responses.
- Designed dashboards supporting both local and cloud-based backends.

Profile

Bachelor's student in Information Technology with strong interest in web development, AI, and competitive programming. Actively building projects and seeking opportunities to enhance problem-solving skills and gain real-world development experience.
